(DG -
PALETTES)

Dear Lauren,

I wanted to let you know our dining room table arrived just in time for Thanksgiving. It is a work of art. I really do love it. I wish I had known about this company years ago. My husband is very pleased as well.

The brown chair cushions work beautifully with the colors in the dining room. They blend so nicely with the chairs, that I am not limited in my choice of table linens. They go with everything. I'm so glad I saw them on the floor model, because I'm not sure I would have picked that color. Probably not.

I've taken to folding laundry at the table just so I can sit on the chairs and admire the craftsmen's handiwork. The finish is so beautiful.

Thank you for helping me select the table and chairs. It was maddening with so many choices, but it was worth the time.

Sincerely,

Donna Waldorf
