Good evening,

I was in the North Olmsted store Monday afternoon, looking at mattresses, bedding, and other accessories. John B. was my sales rep. and he was excellent! Very helpful, polite, straightforward, attentive, and knowledgeable. John went above & beyond multiple times. In helping me get the best value for my money, looking up prices, helping me carry items, calling for availability, and calling me back not once but twice. He deserves great commendation! Last but not least, the additional salesperson who helped at checkout was very helpful and she complemented the end to an overall great experience.

Thank you John and Fish Furniture :)

Sincerely,  
- Eric U.
