Subject: Elaine Boyce

Hi I bought a display cabinet from you right before Christmas and Elaine Boyce was the one I dealt with. I wanted to let you know that you are very fortunate to have someone like her working at your store. I found the cabinet on line a few dollars cheaper (nothing huge) but i ended up purchasing the cabinet from Fish because of Elaine. I wish i had met her two years ago when i bought my house and needed new furniture. Elaine is professional patient and definatley knows her furniture.

I will definatley be a return customer because of her. I havent recieved the cabinet yet but im sure it will be perfect. I just wanted you to know that your employee made a difference and she should be acknoewledged for that. Thank you

Happy New Year
